To Whom It May Concern:

I had the pleasure of working for Jackie Schaffer in her role as Systems Director for the Hospitalist group at Lee Physicians Group - Lee Memorial Hospital. I reported to Mrs. Schaffer as her executive assistant.

Ms. Schaffer has always maintained a high quality of work product and gave her staff the support needed to achieve outstanding results. Coached and mentor each staff member as if they were equal. Never making anyone feel any less than the next person.

Her loyalty, sincerity, dedication, and relentless effort at maintaining the workflow and quality in our department are attributes that make her excel as a Systems Director. I am proud to have worked for Ms. Schaffer and would highly recommend her for any position, and would tell future employees of her; trust in her that she will give you the tools to succeed.

Have a Great Day!

David Narin

Executive Secretary

of Hospital Medicine Program
